

Brief progress report on SRI collaborative project up to 04th Mar,2013 from AP SRI Consortium

Department of Agriculture, Government of Andhra Pradesh has taken up a collaborative program to strengthen SRI with the support from NFSM, NABARD and AP SRI Consortium. It is implementing in four districts namely, Medak, Mahabubnagar, Nalgonda and Khammam; targeting 4000ha i.e 1000ha per district, spread over 10 blocks of 100 ha each.

15 NGOs were selected to implement the program by a panel of members from AP SRI Consortium. These NGOs are implementing the program in all the four districts.

Progress:

- Presently, the total area of SRI under this program for the Rabi season is **568** farmers consisting of **755.40** Acres (306 Hectares) transplanted.
- In Rabi season 2011, we have reached only **50%** of the target area, and Kharif season 2012, we have reached **64%** of target area. But now in this Rabi 2012-13, we have reached **63%** of target area.
- The present status of the SRI is the transplantation completed, but the weeding completed only 60% of the total area.
- In this Rabi season 2012-13, CHESTD-1, CHESTD-2, WUA-1, WUA-2, BALAVIKAS, ARDS, JAGRUTHI and ECO-CLUB-2 organizations did not start the work yet. Because of drought situations, Budget delays and untimely (late) rains.
- PILUPU, Eco Club-1 and SWEET organizations cultivating only 17.50, 11.00 and 9.00 acres in SRI method for Rabi season 2012-13, because there is less water.
- All NGOs were updating the Monitoring data through SMS and jaisri google group mail.

Annexures

1. District wise report
2. Details of the NGO-wise Report

1. District wise Progress – Dated: 04th Mar 2013.

S. No	District	No of Farmers	No of Acres	No. of Hectors
1	MAHABUBNAGAR	211	362.00	146.00
2	NALGONDA	148	135.00	56.00
3	MEDAK	209	258.40	104.00
4	KHAMMAM	---	---	---
	TOTAL	568	755.40	306.00

2. NGO wise report in Acres:
