As per reference cited, I submit to state that we have organised village level SRI training programmes in all the four (4) districts of Medak, Nalgonda, Mahabubnagar & Khammam. This type of approach to cover the so far uncovered Farmers of interior villages is going to be a good beginning. Almost all these areas farmers are new to SRI. They are all cultivating paddy with limited water resources. All are small and marginal Farmers. SRI could be a good approach in these villages. During our Training programmes it was observed that few of these farmers can really make an attempt to take up SRI in a very smaller extent. At this stage only of we have to correct their field mistakes, if any, based on field Problems, for which the presence of our SDA Officers during usage of markers, Transplanting and weeding is important. Once they are through in these three stages it becomes their life time practice. Hence I request you Madam kindly direct the concerned Officers of SDA as well as NGO's to pay personal attention in all these three stages of these selected farmers. Once they are Successful, automatically Other Farmers of those villages will come forward for SRI.
